"CRISTAL MULTIROIRS"

The "CRISTAL" serie, 5 models from 1.900 to 30.000 cm³ capacity, with total visibility. As all "MULTIROIRS", the "CRISTAL" serie models are modular, they may be combined together on all sides .

Ref 10 000 comes in 3 colors:with, burgundy and gray. Combining those 4 colors allows you to construct very decorative sets.

[> see reference 10_000](#)

All models come with a handle and a label holder and can be provided with removable separations (and of selective cups for the reference 2000).

SELECTIVES CUPS

Cups as separations fit immediately to create multiple combination boxes according to your specifications. Available with ref. 2000 "CRISTAL".

"TBS MULTIROIRS"

"T.B.S." serie consists of 7 models from 1.200 to 7.700 cm³ capacity. As all "MULTIROIRS", the "T.B.S" serie models are modular, they may be combined together on all sides .

If your installation requires it, they can be screwed to a wall, a partition or under a work-top. All models come with a handle and a label holder. References ABC and D can be provided with removable separations.
